### Inequality Word Problems

1. Sara goes to Fredonia University. She has \$900 in her savings account. She needs to buy a small laptop computer before the next semester. The laptop costs \$600. Every 2 weeks she withdraws \$60 from her savings account for food. How many times can Sara withdraw money for food? Write an inequality to explain.

2. You want to rent a limousine for a trip to the city. The limo costs \$700 for the night and \$0.15 per mile. You have \$750 to spend. Write an inequality that represents this scenario. How many miles can the limo travel?

3. Jessica is getting ready for college she needs to have an overall grade of 85 in her Math class to qualify for the college that she wished to attend. Her math grade is based solely on her scores on 6 exams. On the first 5 exams her scores were 87, 81, 85, 90, 78. Write an inequality that represents her predicament. What does score does she need to get on her last test to qualify?

# Proportional Relationships - 7th Grade Math Worksheets with Answer Key - Constant of Propo...

Thank you for your participation! How can we help you prepare learners for tomorrow? Our solution is simple—to serve as your daily learning platform. It's one secure place you can rely on for timely, relevant content + useful tools and resources to engage students, track progress, and gain professional inspiration every day. Virtual Field Trips, videos, text, podcasts, interactives, behind-the-scenes at major organizations, career spotlights, and more. Real-world, high-quality, and vetted. Curated Content Ready-to-use activities combine the best of our content and instructional strategies for you. Activity Templates in Studio help jump start your own creative lesson ideas. Platform Features We integrate with the most widely-used EdTech tools and management systems, giving you simple, secure access methods and the opportunity to merge DE resources right into your existing digital environment. Access + Integrations "I look forward to logging in, every day. Whether I need a quick video about a current event, a pre-made learning activity for a lesson, or using Quiz to poll my class, there's always something useful. I feel like Discovery Education has really listened to what educators need." Amy Erb STEAM Teacher Text Version Estimated Costs of Occupational Injuries and Illnesses and Estimated Impact on a Company's Profitability Worksheet Employers can use the Safety Pays Individual Injury Estimator to assess the impact of occupational injuries and illnesses on their profitability. This program uses a company's profit margin, the average costs of an injury or illness, and an indirect cost multiplier to project the amount of sales a company would need to generate to cover those costs. The program is intended as a tool to raise awareness of how occupational injuries and illnesses can impact a company's profitability, not to provide a detailed analysis of a particular company's occupational injury and illness costs. Your local OSHA On-site Consultation Office can help small businesses identify workplace hazards and develop and implement an effective injury and illness prevention program. Up Date A to Z
