For each of the five levels, the two strands - Reading and Writing and Listening and Speaking - provide a fully integrated approach for students and teachers. What is Special about the Third Edition? New Themes and Updated Content - presented in a variety of genres and in authentic materials -- challenge and engage students intellectually. Enhanced Focus on Academic Skills, more purposeful integration of critical thinking, and an enhanced focus on academic skills such as inferencing, synthesizing, note taking, and test taking help students develop strategies for success in the classroom and on standardized tests. A structured approach gives students opportunities for more extended and creative oral practice, for example, presentations, simulations, debates, speeches, public service announcements and more. A New Design with full color pages, more photos, illustrations, and graphic organizers fosters student engagement and makes the content come alive. MyNorthStarLab NorthStar is now available with MyNorthStarLab -- an easy-to-use, powerful online program for students and teachers that saves time and improves test scores. L. Schmidt, Tess Ferree, Kim Sanabria, Sherry Preiss NorthStar, Fifth Edition* is an integrated-skills English course that empowers adult and young adult English language learners to achieve their academic and personal goals. Engaging content, integrated skills, and critical thinking continue to be the touchstones of the series. NorthStar continues to be rigorous in its approach to critical thinking by systematically engaging students in tasks and activities that prepare them to move into high-level academic courses. The cognitive domains of Bloom's taxonomy provide the foundation for the critical thinking activities. The Listening & Speaking strands are designed to challenge students to move beyond basic comprehension to higher-level analysis. *Level 5 is not part of the Fifth Edition revision.
