Also, according to our Terms of Service and Privacy Policy, you must be at least 13 years old to play or download Clash Royale. Also required is a network. Support Do you have problems? Visit or or contact us at the game by going to Configuration Help and support. Privacy: Terms of the service: parent guide: images comments I'm new in the game, I'm a Type of person who refuses to spend money on games, so the developers probably hate me, but the worst of this game is the ability of players to make fun of you with that stupid emotus of laughter. I am sure that it originally had the intention of laughter as itself, but clearly it is not for that for what is used. I know that I can block them, but I should not have to do it. If you want to go on that route, it opens a full-text chat so you can tell my opponent how bad they are when they do it. Most of the cards are balanced, but the few that do not need to be arranged and paired can be really bad, as I am in a range and the person against which I go is a rank above me, what It makes us impossible to win, but the only thing that has to be nervous is the miner. You could go to a YouTube video about the miners and the comments will be nervous the miner. Just like lowering the heath or damaged this please, I can not play for more than 2 hours without getting upset somewhat using the miner with it's way to strong this game has gone seriously by the toilet for complicated for the New players Delayed | & creators Delete critical bad This game is good I think your guy op with the battle pass but you should make stickers imessage lol do not download this games. After winning a few games followed, you start getting games where your deck, no matter what. You can exchange and create decks as much as you want, but even so you will find someone who counteracts them in the next departure. BRO They hacking FRL PPL using cards and do not have enough Elixir for Pay Gane. A game so horrible. Game of low skill. You play The same rotation of Barajas because there is no creativity and some barajas are simply better. It would be a good game if it was not based on everything in maximum letters (pay to win), copying viable viable Y La Suerte (matchmaking).
