# World history chapter 34 quizlet

World history chapter 34 assessment quizlet. Ap world history chapter 34 quizlet. Ap world history chapter 34 an age of anxiety quizlet.

Scientists and experts work hard to solve mysteries, but some questions simply can not be answered. STRANGE EVENTS have occurred around the world, as hackers kidnapping transmissions, fairy circles, unresolved deaths and more. Prepare to see some creepy and strange photos. Here are 37 unexplained and mysterious photos of the story.max headroom Broadcast hijacking. Have you witnessed a hijack of television signal before? On November 22, 1987, Residents of Chicago, Illinois saw two guys take their television screens. One of the hackers wore a mask of Max Headroom and raped some nonsense. The hacker also moon the camera and was whipped with a fly by the complicate. Hackers remain unidentified. Nine skiers died mysteriously in the Urals of Russia. In the middle of the night, something forced them to leave their store and enter the cold ice cream. Six of them died of hypothermia and the others of physical trauma, including brokenness and severe fractures in the chest. One of the eyes and the tongue of the hikers was missing. The experts do not know what caused their deaths. The mysterious Å «Lady Babushka» An unknown woman, now called La Lada Babushka, may have taken photographs of JFK at the exact moment they shot him because in the movies of other witnesses he can be seen holding a camera on his face While JFK rode near her. People from the film have been identified, except Mrs. Babushka and a couple more (like the umbrella man or logo man). The images that she took from murder were never found. Many conspiracy theories surround the unknown woman. The Bizarra Death of Elisa Lamel February 19, 2013, the body of LamA à C was found in a water tank above infamous Cecil Hotel in the center of Los Angeles when the Huà © Spedes complained about the color and taste of water. At the beginning of that month, He denounced his disappearance and the hotel's elevator camera caught Lam acting strangely. People suspect the video was manipulated.the cause of his death remains unresolved. Hotel Cecil houses 16 strange deaths. BloopIn 1997, the National Oceanic and Atmospheric Administration (NOAA) detected a high-end and ultra-frequency submarine sound. The experts believe that the sound is of animal origin, but the strange part is that no animal on Earth is able to make such a powerful call, so they just called the Bloop sound. The unexplained lights travel in the Hessdalen valley of Norway during the day and night. Lights can be bright, yellow or red white. Sometimes the lights move at different speeds. Antiquera Mechanism This artifact doesn't seem much, but scientists believe it was an important tool that calculated astronomical events in ancient Greece. More of your mysteries are still being solved today. Trepanning Throughout the world during ancient times, humans pierced holes in the skulls of each in a process called trepanning. Scientists can't agree on reason. Experts suggest it was a form of brain surgery or a ritual to leave out evil spirits. The Los Angeles BattleThe Great Raid of Los Angeles, also called the Battle of Los Angeles, was when defense plants sounded air strike sirens and fired 1,400 times into the air against a reported aircraft using machine guns and air shells. The Air Force claims that the event was an error on February 24, 1942. The plane notified was a weather balloon. The newspapers suspected the military actually covered the real story. Tiananmen Square Tank Man Tank Man became internationally known for an iconic photo. He was caught obstructing the way of the Chinese military tanks on June 5, 1989, after the protests of Tiananmen Square were suppressed. His identity and the history of what happened to him are still unknown. Massive whale strappingNew Zealand In New Zealand, more than 656 whales were stranded in February 2017. The event is the second largest in New Zealand. The biggest one occurred in the Scientists cannot confirm why the strands are so massive, but predators, disease, navigational errors and falling tides could be reasons. Recently, 145 whales were stranded and died on November 26, 2018. Black Knight Satellite Some people believe that the object in NASA's captured photo is alien and has been orbiting the earth for 13,000 years. NASA claims that the object is simply space debris as a lost thermal blanket from one of its missions. Fairy Circles in AfricaThe circles of Hadad seem to be lunar have invaded the soil. Ecologists were only aware of the phenomenon in southern Africa, mainly Namibia, but found similar patches in western Australia in 2014. Experts have no idea what causes these rings. The Falcon Lake IncidentStefan Michalak claims he found an UFO and learned his lesson when the flying disk burned it on Lake Falcon in Canada on May 20, 1967. A pattern of marks was on his chest. His burnt belongings were investigated, but no one could find out what he burned because his story was fixed. Phantom of Freddy JacksonFreddy Jackson, an air mechanic, died in 1919 and his squadron held a funeral for him before he took the photo of the group. The members of his squadron quickly saw him in the photograph and have no explanation as to how his face might have appeared, apart from the figure being his ghost. Sailing StonesRocks that strangely move along the ground without the help of gravity and no witnesses are known as sailing stones. These rocks leave behind a trail that proves to have moved. In 2014, scientists suggested that ice, water and wind could be the culprits after using time-lapse photography and GPS to follow the movements. Sodder Children disappearance On December 24, 1945, Sodder's house was about a fire. Parents believe it was a fire due to a mysterious phone call just before the fire, their phone line being cut off, and someone moving a staircase into their house, while the fire department claims it was because of an electrical problem. Four of her children escaped, while the bodies of her other five children were not found. The parents suspect that they were kidnapped because the father had problems with the Sicilian mafia. The South Carolina lizards of Bishopville are serious about a red-eyed, 7-foot creature, also known as the lizard man, inhabiting their swamp. In the 1980s, a teenager reported that the entity wrecked his car and ever since, the lizard man's story has been kept alive. Phoenix LightsThousands of Gents saw strange unidentified flying objects that illuminated the sky over Arizona and Nevada on March 13, 1997. GhostSecurity cameras at Hampton Court caught a ghost figure opening the doors of firefighters at Hampton Court in October 2003. The staff are baffled by the WHO or what the figure might be and we are baffled by what people are still working there after watching the video. . "The deaths of Kris Kremers and the Dutch hikers of Lisanne Frootwo died during a trip to Panama. Parts of their bodies were discovered, but the cause of death was never solved. His camera was found with normal photos of the two along with strange flash photos in the dark. Naga Fireballs in Thailandalso known as the Mekong Lights or the Ghost Lights, the phenomenon occurs along the Mekong River every year. Experts do not agree on the cause of the shiny balls. The Isolatorhugo Gernsback invented a strange helmet in 1925 to focus on his work. It is perfect for people who are easily distracted or have noisy roommates. Gigantic diamond hole that can suck Helicoptersin Russia, there is a giant man-made hole, Mirny Mine, where an unusual amount of diamonds have been found. It is reported that the air space above the hole is out of bounds can suck on anything that flies over. The Cleveland Torso Murdererin in the 1930s, a serial killer, who dismembered his victims, was terrorizing Cleveland, Ohio. Most of their victims remain unidentified. The masks of the victims are on display in the Police museum. The serial killer was never caught. Spontaneous human combustion of Mary Reeser in 1951, some parts of Reeser's body were found among heaps of ash possibly due to spontaneous human combustion. The skull of her was torn to size of a cup of tã ©. The area of the house where she found the body of her barely had any damage. These disconcerted researchers because it would take extremely high temperatures so that it would turn to ashes, but the house was not affected. The original Å Milk Carton Boyã had not climbed on the sudden disappearance of Johnny Gosch of 12 years in 1982. He was the first girl in having the photo of him in milk cartons to help find missing children. She's mother states that she came to visit her in 1997 with an unidentified man, informing her that she was a victim of a pedophile ring and was too old to stay in him. His son did not want to risk the safety of him so he changed his identity and could not go home. Nobody can confirm this meeting and Johnny was never seen again. The first South Polo murder in Antarctica. Rodney David Marks mysteriously died by methanol poisoning at work. Nobody knows how he could ingest the poison, but people suspect he was killed. Baby Window Glasses The MÃ © decos convinced people who were a good idea to attach strange wire cages to high buildings windows so that their babies would take air from the 1920s to 1930. The murders From Hinterkaifeck in 1922, six people were brutally murdered with a Mattock (similar to a pickaxe) in a small farm in modern Germany. Before the attack, strange occurrences happened on the farm. Six months before the event, the maid stopped smoking because she believed that the farm was haunted. A few days before the murders, one of the keys of the house disappeared, some traces were found that led the house, but not far from the house, and family heard footsteps in the attic. The murders remain unsolved. Colony Collapse DisorderSince 1869, there has been a phenomenon called colony colony collapse It's when the worker bees leave their colony and queen. In 2006, the number of disappearances has increased dramatically worldwide. The cause of colony collapse disorder is unknown. The ghost in the back seat Don't you hate it when ghosts appear in the back seat when you drive? Ma'am. Mabel Chinnery was visiting her mother's grave and taking pictures of her husband waiting in the car. Chinnery immediately noticed a figure that looked like her mother in the backseat. Photographic experts have researched the photo and found no manipulation.Patomskiy CraterA 350-year-old rock formation located in Siberia has scientists scratching their heads. Scientists are not sure of the origin of the crater, hypotheses include meteorites, volcanoes and gas sources. Missing passengers and crew of the MV Joyita25 people mysteriously disappeared from the merchant ship MV Joyita in 1955. When the boat was found, it was in bad shape and tilted to one side, but its buoyancy made it unsinkable. The passengers and crew could have stayed and waited for help.Case of Tamam ShudAn unidentified dead man was found on a beach in South Australia in 1948. The Persian phrase tamã in shud, which means finished or finished, was found on a piece of paper in his pants. A book with an undeciphered handwritten message was also found. Researchers don't know the man's identity or how he died. Gas-resistant PramIn 1938, Britain demonstrated gas-resistant masks and baby cars as a security measure for war. The stroller protected the babies and gave them fresh air from a gas filter.The Silent TwinsJune and Jennifer Gibbons were known as "The Silent Twins" because they refused to talk to anyone except themselves. They also committed crimes together. The twins believed that the only way to live a normal life was if one of them died or was "sacrificed." A twin died mysteriously in 1980.
